Governor Musgrove Proclaims “Foster Care Awareness Month”

(Jackson, MS) – Governor Ronnie Musgrove has proclaimed the month of May as “Foster Care Awareness Month” to honor those who serve as foster parents for the children of Mississippi .

“Foster families open their homes and hearts to children whose families are in crisis and play a vital role helping children and families heal and reconnect,” stated Musgrove. “Children and youth in foster care are provided a safe and secure home along with the compassion and nurturing of a foster family.”

The State of Mississippi would like to commend the foster families who open their homes and lives to children who may not otherwise have the guidance needed to grow and become productive citizens.
