Governor Musgrove Proclaims “Manufactured Housing Month”

(Jackson, MS) – Governor Ronnie Musgrove has proclaimed the month of October 2003, as “Manufactured Housing Month” to increase the awareness of the importance of the manufactured housing industry in Mississippi.

“In a time of a national recession, it is exceedingly important that Mississippians have good, quality jobs,” said Musgrove. “The manufactured housing industry is important to our state, providing more than 3,000 jobs and presenting innovative, quality affordable housing for all Mississippians.”

Mississippi hosts the annual South Central Manufactured Housing Show, which is one of the largest trade shows in the state. The manufactured housing industry has accomplished the task of manufacturing energy-efficient, spacious, well-constructed and comfortable homes and is providing permanent housing for more than 522,350 Mississippians from all walks of life and age groups.

For more information please contact the Mississippi Manufactured Housing Association at 601-939-8820.
