Governor Musgrove Announces Grant for Progress Volunteer Fire Department

(Jackson, MS) – Governor Ronnie Musgrove announced today that Progress Volunteer Fire Department will receive a \$80,613 grant through the Department of Homeland Security. The grant will be utilized for fire operations and firefighter safety.

“The Progress firefighters will use the funds in their continuing efforts to protect the people and property in the communities they serve,” said Musgrove. “We want to insure our first responders have the proper training and equipment needed to carry out their duties.”

The funds for firefighters and firefighter safety programs will be used to provide training, wellness and fitness, firefighting equipment, personal protective equipment, and modifications to fire stations and facilities.
