National Register of Historic Places
Preliminary Evaluation Questionnaire

This questionnaire is the first step in having a property listed on the National Register of Historic Places. It is not a nomination form, but will help assess whether your property meets federally established criteria for the National Register. If the property appears to be eligible for National Register consideration, the Mississippi Department of Archives and History will provide an official nomination to be filled out by the applicant.

Print and fill out this form, then return to MDAH. Include photographs—at least two exterior views and two interior views, with attention to significant features such as mantelpieces or stairways. If applicable, include shots of historic outbuildings. If the property is located in a rural area, please submit a county highway map or USGS map with property location circled.

For help or more information, contact the Mississippi Department of Archives and History, Historic Preservation Division, at 601-576-6940, or email nrhp@mdah.state.ms.us.
