The Mississippi Medicaid Family Planning Program

*Planning your family
IS
Planning your life!*

Family Planning Medicaid Waiver Program

Family Planning waiver services are services provided to eligible beneficiaries who voluntarily choose to prevent pregnancy, plan the number of pregnancies, or plan the spacing between pregnancies.

Purpose

The purpose of the Family Planning Waiver Program is to decrease unwanted pregnancies, increase the spacing between pregnancies and increase the number of referrals for primary care to improve the health of child bearing women in the state of Mississippi.

What you should know about the Family Planning Waiver Program!

Family Planning Waiver services are provided, with limitations, in the following general categories:

- Office Visits
- Voluntary Sterilization
- Laboratory Procedures
- Contraceptive Devices
- Contraceptive Drugs
- ⇒ Contraceptive Patches
- ⇒ Self-Inserted contraceptive products (like NuvaRing)
- ⇒ Oral Contraceptive agents (pills)
- ⇒ Injectable contraceptive (like Depo-Provera)

Who Can Get These Services?

- Women ages 13-44 who live in Mississippi
- Women who meet income requirements
- Women who have not had surgery to prevent pregnancy

Where Can You Get These Services?

- Participating Mississippi Medicaid Providers
- Community Health Centers
- County Health Departments

What's Not Covered?

Beneficiaries enrolled in the Family Planning Waiver are eligible for Medicaid coverage of family services **only** and are not eligible for other Medicaid pharmacy services. These women will **not** be eligible to receive any other Medicaid benefits.

Additional Information

Beneficiaries enrolled in the Family Planning Waiver Demonstration may have a prescription for contraceptives written by any Medicaid participating provider filled at their local Medicaid participating pharmacy.

Prescription contraceptives are also available through private providers enrolled in the Mississippi State Department of Health's family planning program.

If a health issue is identified during a Family Planning visit you will receive a referral for primary care.

The Family Planning Program is available at health care clinics, county health departments, or any of these Federally Qualified Health Centers (FQHC's):
