Subject: William Reed: Appointed Superintendents

Mr. Reed left me voicemail on March 24 while I was out of town stating that he just wanted to leave a complaint regarding superintendents. Mr. Reed said that rural areas want to elect their school superintendents and that he doesn't support the Governor's wanting to appoint superintendents. Mr. Reed said that appointed superintendents would only last until the school board fires them. He said he just wanted us to know his opinion.

This case is closed.
