

SENATE BILL 2565

BILL RENICK/COMMENTS

This bill changes the requirement for the notice for issuance of a bad check from certified mail to regular mail with a supporting affidavit.

The bill is strongly supported by business. The cost of certified mail is like good money chasing bad, for most of these bad checks.

The bill passed the House 118-4 (Coleman, Gibbs, Ellis, Ellzey)

The bill passed the Senate 52-0

I recommend you sign the bill.
