

July 6, 2001

Mr. James T. Rainer
City of Vicksburg
Public Works Director
P.O. Box 150
Vicksburg, Mississippi 39181-0150

Dear Mr. Rainer:

I received a letter from Mr. Phillip Perry on June 29, 2001, informing me of the lack of maintenance on East I-20 South Frontage Road. We have been in contact with Mr. Dave Thompson with the Mississippi Department of Transportation but I also wanted to inform you of the situation.

Mr. Perry owns the Sears Retail Dealer in Vicksburg and feels that he is losing business due to the fact that many of his customers rely on the visibility of his store in order to find his location. I appreciate your efforts in the City of Vicksburg and look forward to finding a solution to Mr. Perry's situation.

If you have any further questions, please do not hesitate to contact me at 601-359-3150.

Sincerely,

Bill Renick
